### ***Blue Boat 2006***

*Bow* Robin Ejsmond-Frey – Oriol, 14st 4lbs 10oz  
*Two* Colin Smith – St Catherine's, 12st 12lbs 12oz  
*Three* Tom Parker Harris – Manchester, 14st 5lbs 1oz  
*Four* Paul Daniels – St Anne's, 14st 7lbs 11oz  
*Five* Jamie Schroeder – Christ Church, 15st 11lbs 5oz  
*Six* Barney Williams – Jesus, 14st 7lbs 11oz  
*Seven* Jake Wetzel – Linacre, 15st 7lbs 6oz  
*Stroke* Bastien Ripoll – St Catherine's, 13st 8lbs 15oz  
*Cox* Sebastian Pearce – Pembroke, 8st 6lbs 10oz

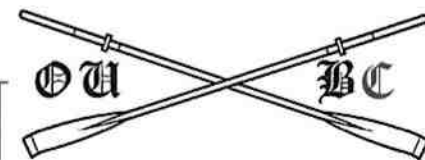

This programme, the twenty-sixth in the series begun by Nicholas Connington, was produced by Richard Sykes (Oriol), who would like to thank all the boat club captains for the crew lists, Jet photographic, Eaden Lilley and BigBlade Photography for the crew photographs and the officers of OUBC for their reports.

I would like to take this opportunity to wish all the crews involved in Eights the best of luck.

The Secretary would like to thank all of the OURCs committee for their efforts, especially the Sabbatical Officer, Morven Porteous, for her hard work and commitment, and Rachel Quarrel and Anu Duhia for their continued support, advice and experience. Many thanks also to OURCs, the Senior Umpires and to all the additional members of the Race Committee for making Torpids and Eights possible.

Due to a number of crews not succeeding in "Rowing-on" last Friday, some crews in the programme may not be rowing in Eights Week.

## OXFORD UNIVERSITY BOAT CLUB TRUST

The Trust, which was set up in 1947, is a registered charity administered by a committee of up to ten members, together with, as ex officio members, the Treasurers and current Presidents of OUBC, OUWBC, OULRC, OUWLRC and the Secretary of College Rowing.

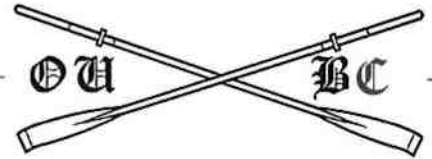

The Trust makes grants for any purpose deemed to be beneficial to Oxford rowing in the widest sense. In recent years it has provided the funds to build the Rowing Centre at Iffley Road and the new University Boathouse at Wallingford. Each year it has made grants to the "poorer" University clubs, to college, composite and development crews competing at Henley and on occasions to assist Oxford men or women who are in, or aspiring to, the British National Teams.

The Trust is financed by donations from former members of college and university crews and from other friends of Oxford rowing.

**Please help the Trust to continue this vital financial support.**

Donations or enquiries should be sent to:

Michael Pelham, Treasurer, OUBC Trust Fund,  
The Office, Home Farm, High Street, Bampton, OXON, OX18 2JN  
Telephone No: 01993 852486 Fax No: 01993 851950

*Cox* Nicholas Brodie – St Catherine's, 8st 9lbs 4oz

To the participants and spectators of Summer Eights,

Allow me to extend my best wishes to you and your respective crews for this intense competition. As a Jesus man I will be trying to bump some of you and so you may take these wishes as slightly tongue in cheek. I speak on behalf of the entire OUBC squad when I say that this event is a major highlight in our calendar and serves to remind us that Oxford is without a doubt the coolest place in the world to row. On April 2nd we finished off a job that started in early September: destroy Cambridge. To a man the squad this year pushed harder than ever before and with the masterful leadership of Chief Coach Sean Bowden the Blue Boat delivered a commanding performance to win the Boat Race by the biggest margin of victory in 18 years.

The season was highlighted by one of the largest turnouts on opening day in recent years with no fewer than 42 rowers and coxswains seeking a place. This is a direct consequence of the high level of training and coaching now being offered at the college level. My hope is that next September we will see this number grow again and that we will see further success stories like that of Magdalen College product Phil Killicoat (Isis 2006). This summer the OUBC will once again be entering the Temple Cup at HRR and I anticipate that the competition for these seats will be fierce given the quality of rowing I witnessed at Torpids this year. I invite you to contact Jonny Singfield, OUBC Development Coach, or myself if you would like to trial for this exciting crew. Once again thanks for making my time in Oxford two of the very best years of my life and reminding me on a daily basis that choosing Oxford over Cambridge was the best decision I have ever made. It gives me great satisfaction to have brought the Boat Race Trophy home for two consecutive years to Oxford and here is hoping that another Topolski era is on the horizon. Have a great week.

Sincerely,  
Barney Williams

**CYNTHIA DRAKEMAN**

*Club Water Safety Advisor*  
**AMELIA VAN MANEN**

*Kit Rep*  
**JUDITH COHEN**

OUWBC re-asserted their dominance in the Women's Boat Race this year, with both the Blue Boat and the reserves, Osiris, beating their Cambridge opposition on April 1st. To round-off an exceptional season, both crews took advantage of fast conditions on the Henley Reach to smash their course records. Osiris became the first women's crew in history to break the 6-minute barrier, recording a time of 5.54 (verdict two and a half lengths). The Blue Boat knocked an unprecedented 17 seconds off the 1999 record, to win by half a length in a time of 5.44.

A small but determined and talented squad reconvened at the start of September with a sole purpose – victory over Cambridge in April. This single-mindedness paid off with some spectacular results over the winter season, which saw the squad winning at least one pennant at all four major Tideway Heads, and taking the title of fastest aggregate women's university eight at the Indoor Rowing Championships. Amidst the squad successes, an unprecedented five Oxford athletes were vying for a place on the GB national team (Alexandra Cairns, Naomi Pollock, Hilary Powell, Amelia van Manen and Emma Windham).

The New Year saw the squad head to Belgium for seat racing and selection. Following naming of the two Boat Race crews, Henley Head, Reading University Head, the Women's Eights' Head and match races against Thames RC, Leander Club and our old girls provided the racing experience to cement the crews. In particular the Eights' Head saw the best cumulative OUWBC performance in recent years, with the Blue Boat placing 4th, as the fastest University crew and only 24 seconds off the headship (won by a national squad composite crew), and Osiris reaching their highest placing ever (17th), 12 seconds ahead of their Cambridge counterparts.

Now we look forward to a busy summer, racing at BUSA, Women's Henley, the National Championships and EUSA (where we hope to defend our titles in the eight and pair from 2005). We will also be running two development squads, on which our future success rests. For more details see our website ([www.ouwbc.com](http://www.ouwbc.com)) or contact the 2006–7 President, Emma Windham ([emma.windham@balliol.ox.ac.uk](mailto:emma.windham@balliol.ox.ac.uk)).

On behalf of OUWBC, I would like to thank the legions of people who have supported the squad this year and without whom we would never have succeeded: our coaching team Ian Shore, Charlie Robinson, Karl Offord and Alex Cavell; Rachel Quarrell and the Steering Committee; Cathy Miller and Windrush; Morven Porteous, Rich Stock and OURCs; OUBC, Barbara Wilson and the OUBC TF; and finally our generous sponsors, Pacific Alternative Asset Management Company and Merrill Lynch.

Alexandra Cairns  
OUWBC President

Six Kirsty Ross; Seven Hannah Ledermann; Stroke Cynthia Drakeman; Cox David Mendel*

After a confident performance in Torpids by **Oriel**, a tough headship battle was keenly awaited at the top of Men's division one. This however failed to materialise as a triumphant **Magdalen** shook off any opposition to comfortably retain the top spot for a third consecutive year, leaving **Oriel** to battle off a strong **Pembroke** eight, and the top three spots unchanged. **Balliol** came to join the top four having bumped **New College** and **Exeter** on the first two days, both of whom were hit later by a blade-winning **Christ Church** crew ending up in fifth place. No blades were awarded in division two, although **Queen's** and **Worcester** put in strong performances to move up three places each.

After claiming the women's headship in Torpids, **New College** only had to hang on to the top spot to gain a coveted double headship. This they did with aplomb, rowing clear as first **Pembroke** and then **St. Edmund Hall** tried to catch them. The only big movers in the first division were **Merton** and **St Catherine's**, who were awarded spoons, whilst **Hertford** rose a total of four places to enter the first division and deny a very fast **Oriel** blades on the first day by overbumping. The success stories of division two were **St. Johns** and **Exeter**, both of whom entered the division with two bumps on their days as sandwich boats, giving them a total of five bumps each. Special mention must go to **St. Johns** second eight, going up ten places to win blades in style.

## *Torpids 2006*

RICHARD SYKES

The top of men's division one was an excellent showcase for college rowing as **Magdalen** attempted to take the men's headship just as the snow stopped falling. After having seen their women bump **New College** to gain the women's headship before the gut, **Oriel** weren't going to give up the top spot easily and a titanic struggle on the first day resulted in them holding the headship by a matter of feet. All eyes were therefore on the headship crews to see if they could maintain an historic Torpids double headship until the week was out. Fierce challenges from **Magdalen** on the Thursday and Friday resulted in some extremely exciting racing but no change in the men's headship. **Queens** stepped up to challenge for the women's top spot on Thursday, sending **New College** into the bank and the second division in the process. By Saturday however, both Oriel crews rowed over on the distance to claim the double headship, the first in Torpids in living memory.

The top divisions both showed a lot of movement, a powerful **St. Catherine's** winning blades in men's division one to finish sixth. **Worcester** and **Trinity** both bumped three times as **Christ Church**, also with three bumps, returned to division one. **Pembroke's** upward rise was finally arrested by **New College** in an extremely tight battle for third place that was every bit as enthralling as the contest for first. Women's division one saw every crew involved in a bump on Wednesday and finished with five bumps for **St. Catherine's**, **St. Hilda's**, **St Edmund Hall**, **Worcester** and **Hertford**. **University** claimed seven bumps to cruise into women's division two, joining **Exeter**, **St. Hugh's** and **Balliol** who won blades. **Lincoln** will be keen to avenge their performance come Eights, as each of their crews was bumped every day over the competition for a total loss of 41 places.

OULRC have had an excellent season to date. Training commenced in the middle of September with a relatively small but very strong group of triallists. The first public race was the Fours Head to which we sent 4 coxed fours, the top 4+ coming in 84th overall, 3rd in S2 (12th out of all 4+). Following this the squad presented themselves at the British Indoor Rowing Championships with 6 of our athletes coming in the top 25 of BUSA lwt and our top result being 5th.

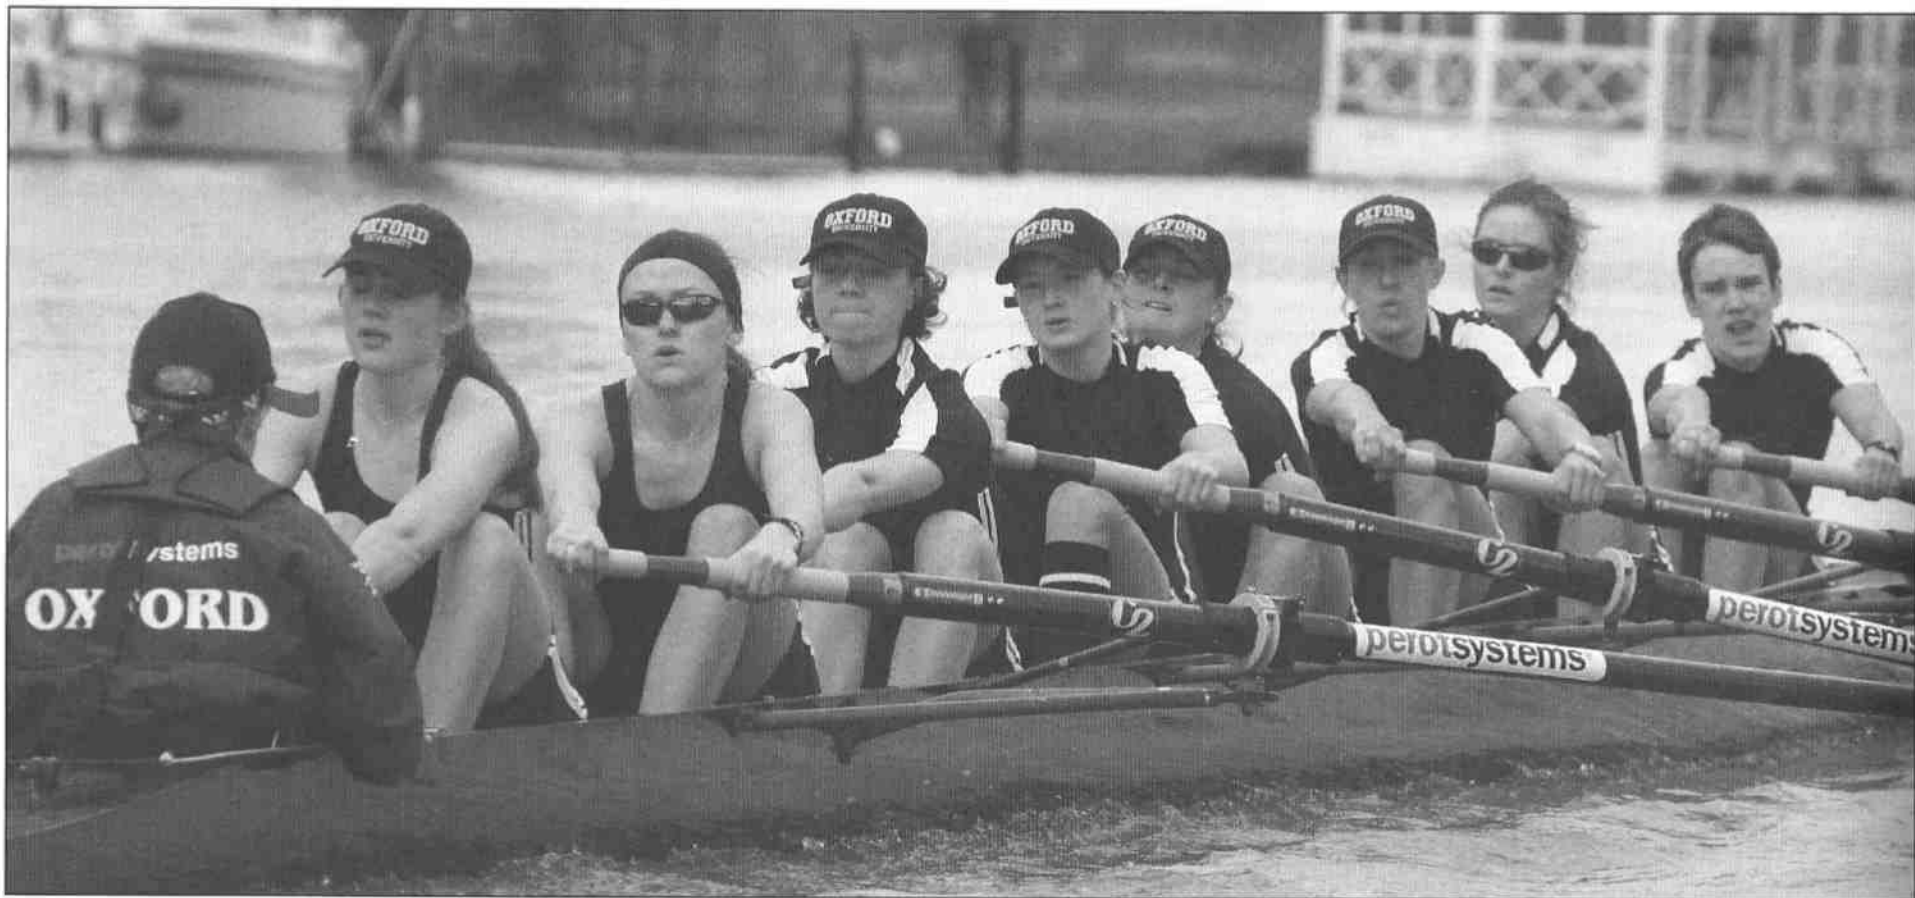

At the end of the Michaelmas term we raced two crews on our home stretch at Wallingford Head. OULRC's A boat posted the fastest time of the day to win both Senior 1 Eights and the overall title. The B boat also produced a creditable performance, finishing sixth overall. This event was then followed by our Trial Eights race, held over the Boat Race course, which gave the new members of the squad the opportunity to experience racing on the Henley Reach for the first time. 'Hard' beat 'Fast' by 1 1/2 lengths.

Following a successful training camp, OULRC sent two crews to Bedford Head on Sunday 12th February. The 'A' Crew came first and second overall, winning both the Senior 1 and Senior 2 categories and retaining the Headship for the fifth consecutive year. The B crew finished third and sixth overall. After a successful conclusion to the public races both crews arranged a number of private matches, which highlighted a number of important areas to focus on in the final weeks. The Blue Boat did some successful and useful sessions with Isis, Tideway Scullers and London Rowing Club I, whilst Nephthys worked with Magdalen College M1 and St Paul's School.

In the Boat Race itself, fast but rough conditions allowed OULRC to dominate Cambridge and beat the Fawley record by one second, winning the race in a new course record of 5 mins 18 secs - official verdict 2 1/4 lengths. Nephthys beat Granta with a race record of 5min 26s and a record margin of 5 lengths. Following the strong performance at the boat race, OULRC further sent 4 pairs to the GB U23 trials at Dorney on 23rd April, with a weeks notice and borrowed boats the crews did admirably with the top pair coming 4th.

I would like to take this opportunity to once again thank all the people who have supported the club throughout the season: our sponsors Viatel and Weil, Gotschal and Manges, whose continued sponsorship has allowed the club to continue to develop our programme and help with the costs to the individual trialists; Maureen Catlin and David Norris-Jones, both of whom have continued to personally donate money to the club which has made a huge difference on the cost of the training camp and on our ability to invest in new equipment; To University, Magdalen, Christ Church, St Annes, Pembroke, St Johns and St Hughs colleges who have all lent us small boats to train and race in over the course of the year, finally to my Steering Committee and the Henley Boat Races Committee, whose hard work allowed our crews to develop to their maximum potential in such a short time and to have a successful Boat Race.

Alex Woods  
OULRC President

## *OUWLRC* *2006*

*President*  
ALICE MILLEST

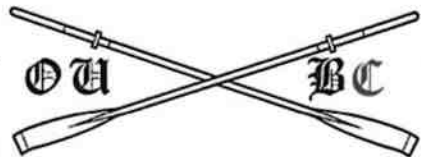

This year's training has included the usual gym and water work at Radley, but in addition we participated in many more races throughout the year. In Michaelmas we competed at Pairs Head, Scullers Head, Fours Head, Wallingford Head, and the Indoor Rowing Championships. Our January training camp at Hazewinkel saw great improvements in our boat speed. Later races included Henley Fours Head, Women's Eights Head, and private matches on the Tideway and at Henley.

Unbelievably strong stream and a high tailwind produced extremely fast conditions for the Henley Boat Races on 1 April 2006. We made an excellent start and were up by almost a length in the first part of the course. The umpire's warning and the fast stream in the centre station gave our opponents an advantage, and regrettably Cambridge won by a short canvas by the end of the track.

This summer we will be competing at BUSA, Gent (Belgium), Women's Henley, Henley Royal Regatta, and the National Championships. We also have several athletes training for a place at the Commonwealth Rowing Championships in August. This summer rowing programme will set us off with a flying headstart as we enter the new season's training for next year's Henley Boat Race.

If you are interested in joining OUWLRC after Summer Eights or in September please contact Alice Millest (Pembroke); we would be happy to hear from you.

Alice Millest  
OUWLRC President

## *A visitor's guide to Eights*

ROBERT RIVINGTON

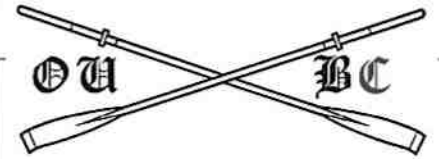

The *college bumping races* originated from outings in hired boats down the river beyond Iffley Lock. On the return, racing back from Iffley began rather casually; the first record of it is in 1815. At first, there might be only two or three boats taking part. In 1825, there were too many boats to start from within the lock and the start was made from posts along the bank 50 ft apart.

The earliest recorded rules date from 1840. Starting positions were 100 ft apart. Bumping boats drew aside from the line of rowing and changed position the next night, the first record of the word "night" being used in Eights for a day. The days of Eights are still called "nights". Eights used to be raced for six nights but are now raced for four only. The lowest divisions row first and through in order so that the first Division rows last. The boat at the head of each division is called the "sandwich boat" and rows again immediately after at the bottom of the division above it, giving it the opportunity, by bumping, to move up into that division.

Eights is under the direction of the Oxford University Rowing Clubs or OURC's. In the 1980's, the Amateur Rowing Association (founded 1882) decided to require a substantial individual subscription from every ARA member; this allowed members to participate in ARA regattas. Some colleges, those that enter ARA regattas, are members, their crews paying individual membership; others are not and do not pay the ARA subscription. The OUBC is completely independent and distinct from the ARA, though a member of it, paying its subscriptions. Of course, it is considerably older with its own rules and memberships. The OUBC council consists of the captains of every college boat club and elects the President and other officers. The OURC's is also comprised of all college boat clubs, with its own officers, but is not a member of ARA and pays no subscription to it.

Eights is organized by OURC's *College Secretary* with assistance, but with final responsibility for all of it. During Eights, operation is from the Secretary's desk positioned at Tims Boathouse. Discipline is maintained by *finer*. The College Secretary can impose fines up to £100 immediately and with no appeal and refuse, if he so decides, to let a college's boats race until a fine has been paid. Occasionally fines were frivolously imposed; but today they are usually reserved for dangerous rowing or breaking OUBC rules.

At the start of a division, each boat is accompanied by an umpire on the towpath on a bicycle to watch it. If a bump takes place, therefore, there are two umpires to observe it. At the end of the race, all umpires have to report to the Secretary's desk. All colleges contribute to the pool of umpires who umpire any boats except their own. *When a division is being rowed, the centre of the towpath must be kept clear for umpires' bicycles.*

## *A visitor's guide to Eights*

ROBERT RIVINGTON

Since more crews wish to enter for Eights than there is room for, places in the lowest divisions are competed for by "rowing on". In the week before Eights, these crews are timed over a course and placed in the Rowing On divisions in the order of best performance.

In the Hilary term, at the end of February, a similar event to Eights, Torpids, takes place with slightly changed rules, smaller and of less importance, partly because university crews in training are absent from college boats. The word "torpid" was first used for a non-racing boat carrying supporters and spare crew members when there was only one racing boat. Eventually these non-racing boats became college second boats and when a new event was introduced for the Hilary Term, it was named Torpids.

To avoid the main stream of the river, the customary line of rowing at the start follows the towpath bank, crosses the river at the Gut to the side of the Green bank, then returns to the towpath side between the Cherwell mouth and the OUBC rafts (see diagram of the course). Because of the breadth of the river above the OUBC, a clever steerer can steer away to avoid a faster following boat which is slowed by having to make heavy use of the rudder.

At one time, all crews used to train on the Isis between Folly Bridge and Iffley Lock in the afternoons. Now with the increase in numbers of entries and with the addition of women's divisions, the Isis is too crowded for the senior crews to train on. Many of these hire boat racks at St Edward's School at Godstow or train at Radley or Wallingford. Because of crowded work schedules throughout the day, most training now takes place between 6.00 – 8.00 am. There are perhaps fewer "rigger" boats for winter games players or "schools" boats for examination candidates; but one can still see some crews in lower divisions rowing in fancy dress.

The Oxford University Women's Boat Club is extremely grateful for the generosity and support of Merrill Lynch, Spring/Summer Training Sponsors for the 2006 season.

[ml.com/careers/europe](http://ml.com/careers/europe)

## SATISFACTION IS GOOD. PRIDE IS BETTER.

**Join Merrill Lynch and share in the sense of pride that runs through our organisation.**

As one of the world's leading financial services firms, we offer our clients all the advantages of a quality brand, as well as continued leadership in products, services and innovation.

This is your opportunity to work alongside some of the sharpest minds in the business. It's a dynamic environment where your mental ability and agility will be constantly tested. Our performance-based culture will reward you for your achievements. However it's not about going it alone. This is a supportive, team-oriented environment where you'll be encouraged to achieve your full potential. If you're accepted onto our summer intern programme, you can expect to be fully involved and make a difference from day one.

There has never been a better time to join Merrill Lynch. We invite you to share in our passion for exceptional performance, while working at the cutting edge of a fast moving industry.

SUMMER INTERNSHIP OPPORTUNITIES IN THE FOLLOWING AREAS:

- GLOBAL MARKETS
- RESEARCH
- INVESTMENT BANKING
- OPERATIONS
- INVESTMENT MANAGEMENT
- TECHNOLOGY

# Top Two Divisions of TORPIDS

1992–2006 (No event 2000 or 2002 due to river in flood)

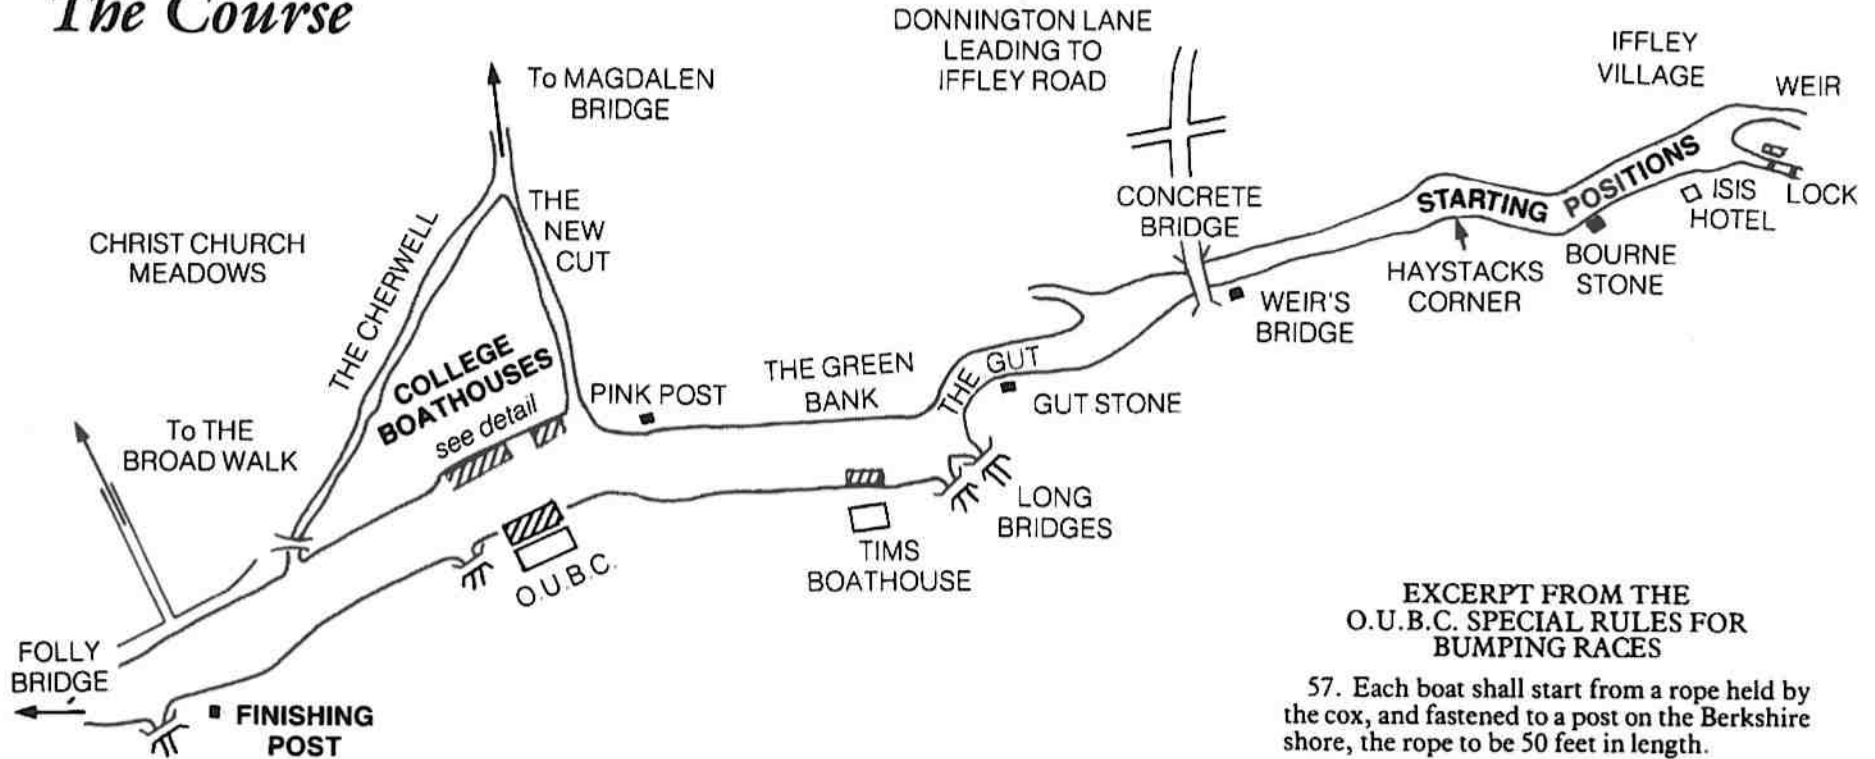

- \* Starting order changed due to 4 technical bumps awarded to Oriol before racing commenced.
- † Rowing on 1st day **only** due to dangerous conditions following snow and heavy rain.
- No rowing Wednesday and Thursday due to dangerous river conditions.
- X No event, river in flood
- ‡ No rowing on Saturday, due to dangerous river conditions.

*Top Two Divisions of*  
**SUMMER EIGHTS**  
 1993-2005

# The Course

## EXCERPT FROM THE O.U.B.C. SPECIAL RULES FOR BUMPING RACES

57. Each boat shall start from a rope held by the cox, and fastened to a post on the Berkshire shore, the rope to be 50 feet in length.

58. The last boat shall be stationed above the Starting Ring, and the distance between the posts shall be 130 feet for Eights.

65. The President shall provide a starter who shall fire a signal gun for the boats to take their places; after four minutes another gun; after the interval of one minute another gun for the start; after this third gun the Race shall always be held to have begun . . .

67. When a boat touches any part of the boat in front of it, or its oars or rudder, it shall be considered a bump, and also if a boat rows clean by another it shall be equivalent to a bump.

69. After every bump the boat bumping shall change places with the boat bumped whatever be their order before starting.

# Don't be a shadow of your potential self

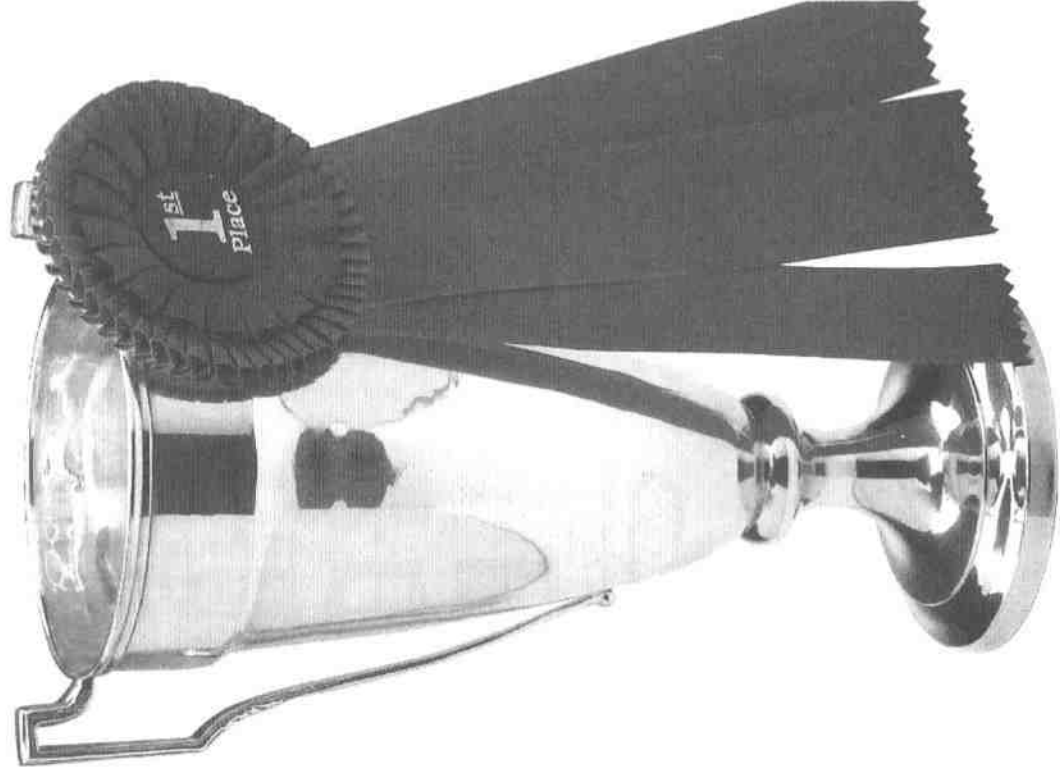

If your head is alive with aspirations for the future, make sure your career is up to the job. A career at Deloitte promises to stretch and reward you like no other, which is why, every year, the brightest graduate talent joins us.

Our uniquely collaborative way of working will embrace you in a team culture where your individuality will shine through – you'll participate in projects that draw on expertise and experience from across the firm's key service areas of audit, tax, consulting and corporate finance, and rub shoulders with some of the brightest brains in the business. On top of all that, we can promise you first class training, fantastic clients of every size and persuasion from global brand names to dynamic entrepreneurial start-ups, and innumerable opportunities to excel.

If you like the sound of what we can do for your career, visit [www.deloitte.co.uk/graduates](http://www.deloitte.co.uk/graduates) for more information.

We could be the making of you.

# Could you satisfy 150 million people everyday?

One of the world's leading consumer goods companies, we make and market products in the foods, home and personal care sectors across the world. In fact 150 million people in the world use brands such as Dove, Magnum, Hellmann's, Persil and Lynx every day.

Our mission is to add vitality to life – and we do this by helping people feel good, look good and get more out of life. But although we're very successful, we can't be complacent. And we work hard to develop new products, improve established brands and pioneer more creative and flexible ways of working.

We want people with the potential to lead our business. So we're as interested in your personal qualities as we are in your degree. Being passionate about business, inspired by profit, competition and customer satisfaction are all important characteristics, as are integrity together with ambition and entrepreneurial spirit.

The Unilever Graduate Scheme is designed to help you reach senior management as soon as possible. You'll join one of our UK operating companies in your chosen career area and you'll have a real job with key deliverables and responsibilities from the outset. The following will give you a taste of what to expect

Our high-quality training programmes will help you develop the expertise and personal qualities you'll need in order to achieve your career goals. There's a vast range of opportunities at Unilever, you just have to seize them. You'll only be limited by your own ambitions and desire to succeed. Opportunities are available in Customer Management, Marketing and Supply Chain throughout the UK.

Please visit our website for further information and our online application form. A Brochure is available by calling 0870 154 3550 or emailing [enquiry@unilevergraduates.com](mailto:enquiry@unilevergraduates.com) [www.unilever.co.uk/careers](http://www.unilever.co.uk/careers)

# [ ADD TO A CONSTANT FLOW OF NOVEL IDEAS ]

At Dstl, the Defence Science and Technology Laboratory, we're renowned for our ingenuity. We're involved in classified work that addresses the key issues of today, in the field of defence and beyond. And we're constantly coming up with novel ideas that take scientific and technological thinking to a new level.

Enjoy the Summer Eights today – and then tomorrow think about adding your ideas to the mix. As a Civil Servant in a world-class organisation, you can look forward to stimulating projects, overseas opportunities, great benefits and a healthy work/life balance.

To find out more about careers for science and technology graduates and postgraduates, visit [www.dstl.gov.uk/careers](http://www.dstl.gov.uk/careers)
